DESIGN OF SPAIN

These wall cladding series is made for the one that loves puzzling effect. Marathon comes with the lively depth printing that can confuse you of the dimensions it gives which can look real. For the further invention into it, we added the effect of water drops that can be seen as contemporary art.

**“ Winning is a habit. Unfortunately, so is losing. Sure, there’s the talent, but there also has to be the will. Give me human will and the intense desire to win and it will trump talent every day of the week.**

Chess Series is a classically-shaped profile with all the surface character you could want. Edges are chiseled and worn as if they'd braved the elements for decades. It can complement the whole building facade or achieve unique interior design.

**The number one benefit of information technology is that it empowers people to do what they want to do. It lets people be creative. It lets people be productive. It lets people learn things they didn't think they could learn before, and so in a sense it is all about potential.**

Irregular pieces of stones with spiked edges creates Shooting. It reflects the sunlit countryside and the nobility of the past. It adds elegance for suburban houses, vacation residences and why not bring natural style inside the city.

**"LIVE THE PRESENT INTENSELY AND FULLY, DO NOT LET THE PAST BE A BURDEN AND LET THE FUTURE BE AN INCENTIVE. EACH PERSON FORGES HIS OR HER OWN DESTINY."**
